Joke of the Week

Two bits of Tarmac were talking in a bar. One says to the other, "I'm dead hard you know, no one frightens me"
Just then, a piece of red Tarmac enters the bar. The Tarmac that had been bragging earlier is now panicking and is trying to hide behind his beer. The other turns to him and says "I thought nobody frightens you". "Yeah I know I did, but that guys 'a cycle path'

Hash Run No. 265 The Jingle Bell Run, 20 December 1998

Venue: The Blue Bell, Rothley

Hare: Doc Crippen

Scribe: Big Phut and Warmers

Pack of 20 on the 20th of December on a beautiful bright and sunny cold day. It was nominally known as The Jingle Bell Run, but since it was Christmas Season celebrating the birth of Jesus, everybody hoped it would be Doc's Redemption Run (or Sorry it was so very long and muddy last year).

Freezing hashers stood in the pre-run circle waiting for the good stuff to start. IT WAS COLD! Big Phut was chosen by the Grand Mattress to scribe the run's events. At BUGGER'S recommendation, GOBLIN was twirled in the circle center, arm at shoulder height to choose our R.A. for the day. She gave JETSLAG the finger. What a varied troop of R.A.'s since the "committee" decided that Grand Mat Warmers would choose the scribe and the R.A. at each run. It surely brings out a lot of hidden talent.

We enjoyed the run, it started out by the river (which is currently flooded) and ran through the Rothley golf course, beautiful landscape, dodging golf balls, and we went across fields on well marked trails. Ran over Swithland Lane toward Bradgate park. Overlapped some of last year's notorious run, but the weather was much better this time. Short-cuts were offered to the walking wounded and flu victims. At the beer check, posh crystal glasses held our beverages.

Arrived back at The Blue Bell after almost being hit by a golf ball. There was a welcoming fire in the fireplace. It was warm and cozy, and we drank and gossiped. Large platters of mince pies we thought had been forgotten at the beer check, were delivered to Doc along with pitchers of good Glog, Gluehwein, (sometimes known as red barf juice). Some non-runners attended and we were happy to see them, Wet3 and MudFlaps, Santa Claus et al, hope they will all be able to run the next run. (Did you hear about the dyslexic devil worshipper who sold his soul to Santa!).

Outside for Down-Downs.

DOC CRIPPEN was praised for the perfect run length, sunny weather, and a well-marked trail. To Celebrate Doc's 100th run with QH3, on behalf of us all, our Grand Master presented him with a silver Mug, from which he drank his down-down.

ORIFACE for wearing a blue santa hat (those of us in the know realize that is the mark of a dyslexic elf.)

FERKIN for moving quickly when GOBLIN'S finger pointed to her, thus diverting to JETSLAG.

HENPECKED for gobbing on himself during the run, had to drink out of his new shoes.

BARRITONE lost one of his balls on the run, and it was returned to its proper place by ROCKHOPPER.

DUREX for commuting (company business, sure!) to Bandung, Indonesia, just to get his 450 run T.

TUFTY and GNOME for too many Bra shenanigans.

Thanks to DOC for the run and On On site, JETSLAG for his entertaining R.A. routine, we had a lovely time once again with QH3.

Down Downs concluded with WARMERS asking all to sing the hash hymn, Swing Low, Sweet Chariot. Remember to give BUGGER your filled in ballots!

Hash Run No. 266, India Jones and Raiders of the Lost Hashit, Monday 28 December 1998

Venue: The Old Plough, Weston on Trent

Hare: Lady Dye

Scribe: Big Phut and Warmers

It was a dark and stormy night, actually it wasn't, as the sky was clear with a gibbous moon overhead, shining brightly on the snow clad hills. Vapor trails from a jet could be seen next to the moon, and the stars were bright. It was beautiful but Cold! O.K. there was no snow, but Black Ice was predicted for the drive home.

There was a pack of five assembled to hear instructions from our Hare. **Lady Dye** instructed us in our mission, to find the missing Hashit. Abandoned by the majority of the hash, who obviously had wimped out, the five of us, **Kentucky**, **Barritone**, **Multi-Teaser**, and your faithful scribes were determined to carry on. At 7:20, we abandoned hope for any more companions and left heading off the road to the riverside and country lane. WOW! No mud, the cleanest our shoes have been for many runs. There were several checks and **Lady Dye** didn't even help the harriettes to short cut, he let us run down dark and lonely tow paths knowing there was a bar ahead. We raced back to join the harriers. Then along the main road to a pub stop in Ashton on Trent, where we had a warm room, good beer and conversation, and Indiana Jones and Sean Connery on a huge screen telly on a Crusade. Time went by, and our hare didn't seem too eager to leave, until finally prodded by **Big Phut**, we started out a long dark road again with **Kentucky** and **Barritone** solving the checks for us. Then the final barrier, we had to cross the swollen Trent river to reach the Old Plough. Linking arms, we struggled across, and then into the Old Plough where we all talked, talked, and drank, while **Barritone** ordered a delicious appearing dinner. (Never feel hungry until his dinner appears, and then it's always seems too late to order for myself. We should demand that he stop that.) We all had to drink a down-down for being stupid enough to hash that night, but there was no down down for **Lady Dye** as we could find nothing to fault him with. Nice Run to finish off 1998!

Hare - BIG PHUT & WARMER

R.A. DUREX

Scribe - WALLINGTON

Naturally when we all arrived at the car park we all greets HAPPY NEW YEAR, with load and load of cuddles between ourselves! Which of course is our usual custom!

At the start of the chequer flag, Wallington in S505 with unmodified KA was 1st off the line. On turning right, Blow with beef up Golf race no S11 roar passed S505 in top gear! Tom Cruise in a junior mini Stot also overertaken the KA. By the time I arrived at the Navigation Pub bridge, R169 (Mazada) driven by Durex, Tufty in R350 (Mondeo ST24), False Fart in R547 (Fiat twincams), Rockhopper in J960 (FWD VAN), Bugger in G606 (Sierra XR4i), and Jetslag in R487 (Renault Lagunda) queues up at the check. The drivers are being fidgety and decided to tear up their navigation map. So a real race started here alas only to find their cars can only crawl round in 2nd gear, as the race track along side the river was so slippery and full of water. Not suprising few dents on their bodywork have occurred between them, before they reach end of this bumper stretch. Durex in R169 was leading and was heading onto tarmac, with sharp right turn, and then straight over the roundabout, with S11 and R547 closely behind neck by neck. Tufty in R350 was mad enough to slow down and trying to chat up a young woman which of course it P***** G*****! who is our favourite fair lady in our pit stop or PISS STOP! next come G606 and J960 was no match against superb Golf and Fiat twincams cars. Interesting Plank in ageing Golf race no 905W decided to play footy with his new found football, by using his wheels! S505 and Big Phut in M574 (Toyota) are struggling to catch the car in front despite of using it top gear! A chic cane was successful negotiated by all drivers. Amazing not a single wreck missing from their car! Then follow a huge iron bridge, which you can hear the drivers jamming the gear into 2nd that resulted their vehicle wheels come flying off the ground into the air. By then all drivers have lost their competitors and was a mile apart. The winning car was of course the Fiat twincams R547 driven by False Fart!!!!!! or was it a False START!!!!!!

DOWN DOWN AWARDS WENT TO:-

False Fare - for newcomer

Plank - for newcomer

Pleasure Gnome - for not believing Tufty's true whistle story!

Durex - re Christmas wrapping/sellotape suck to his teeth!

Rockhopper - punished for mentioning Durex two false teeth!

Big Phut and Warmer - for being today hares

Big BUGGER won the Star Light H3 Christmas Prize. A very big thanks to Big Phut and Warmer for their kind donation..

On Sec Message

The QH3 Xmas Party on the 5th December was fabulous, around 15 of us dressed up as Doctors, Nurses and Patients (plenty of blood) and visited a number of hostelrys in Nottingham. On On, was at Scrooge's house, although he wasn't there to enjoy it. Another big thank you to Skidmarx & Multy Teezer for their hospitality.

Those of you that actually filled in ballot papers last month, might be wondering were the results are, well I've made an executive decision not to include it this month's issue. Why, you ask, (no you never ask about anything I write here or articles for sale, but it looked better editorially, that way) well, the pub today hasn't got the facilities for a long circle, but the Manor House has, so you'll have to wait a week. *But* what you do get this month are all the '98 stats *and* the '98 superlatives.

On Sunday 13th December CLH3 held its last regular run until April(ish), although they might have a run on Valentines Day. This was due to falling numbers and a distinct lack of hares. Quorn will continue to run on the 1st & 3rd Sundays and last Monday of each month. Hopefully CLH3 will run again, perhaps next time running in the evening? Watch this space for the latest news.

Now we're into '99, news is starting filter in about weekenders coming up:-

- | | |
|-------------------------|---|
| <i>Berkshire 1111</i> | 1 st weekend of May, in the old barn again.
Cracking location, should be a good bash. |
| <i>Norfolk 800</i> | 1 st weekend in July. Promised to better than 700 th !
Waitress service for the Meals !!!!! |
| <i>Mash Nash</i> | 1 st Nash for Full Moon Hashes, June 11 th , 12 th & 13 th somewhere in Gloucestershire. If we need to be a FMH we'll set one up. Quorn Full Moon H3 Anyone ? |
| <i>Nash Hash</i> | 28 th - 30 th August in Glasgow, but you knew that because you've already booked ! |
| <i>Total Eclipse</i> | Not sure about this one, but if you planning to risk the gridlock of Cornwall around the 8 th August, you'll do no worse than this. £80 gets you a place to pitch your tent and <i>access</i> to food, beer and trails. Brochure looked far too Professional for Hashers. Expect a lot of non-hashers on site. |
| <i>Scarborough 1000</i> | Now then, they should clock this run No. in April (ish) but there are no plans yet for an event! |

And finally, are you part of the 2% of the population who could solve Einstein's Quiz? The German keeps fish. Did you get that? Also, did you managed to solve the Pubs thing ? if not, you won't stand a chance with this month's offering.

Pretty Sick Jokes

A young husband and wife were sunning on a nude beach when a wasp buzzed into the woman's vagina. The husband covered her with a coat, pulled on his shorts, carried her to the car and made a dash to the hospital. After examining her, the doctor explained that the wasp was too far in to be reached with forceps. He suggested the husband try to entice it out by putting honey on his penis, penetrating her and withdrawing as soon as he felt the wasp.

The man agreed to try, but because he was so nervous, he couldn't rise to the occasion. "If neither of you objects," the medic said, "I could give it a try." Under the circumstances, both agreed. The doctor quickly undressed, slathered on some honey and mounted the woman. The husband watched with increasing alarm as the doctor's thrusts continued for several long minutes. "Hey, What the hell is happening?"

"Change of plans," the physician panted. "I'm going to drown the little bastard!"

Ireland's worst air disaster occurred Today when a small two-seater Cessna plane crashed into a cemetery outside Limerick early this afternoon. Local search and rescue workers have recovered 300 bodies so far and expect that number to climb as digging continues into the evening

Liz Taylor goes in to see her cosmetic surgeon. "I have met the man of my dreams, finally, the love of my life !" she announces to the surgeon "but I need you to help me with a small problem. This man is only 18 years old, I am truly head over heels in love with him, and don't want to disappoint him in any way, so I want you to make my vagina look like an 18 year olds."

The surgeon tells Liz of the delicate situations involved with this operation, but does finally agree to performing the said operation.

"But one thing" Liz says "you have to swear to me that no one knows about this operation, that no magazines or tabloids hear about it!"

"I swear Liz" the surgeon replies.

The big day arrives, Liz goes under the knife, the operation goes text book perfect and she is moved to a recovery room. Upon regaining consciousness, Liz's eyes focus on three huge floral arrangements at the foot of her bed. As the surgeon enters the room to check on her, Liz breaks into tears.

"How could you do this to me !!! You swore that not a soul would hear of this operation!!! "

"Now, now Liz, I didn't tell a soul. The first arrangement is from me. I've been your friend, as much as your surgeon for the past 10 years, I just wanted to make you feel good. The second arrangement is from the anaesthesiologist, he's gay, he's one of your biggest fans, and I thought it was okay, since he's worked side by side with me on your operation."

Liz's eyes gazed over to the third arrangement, pointing her finger "And who sent those?"

"Oh yeah" the surgeon replied "Those are from a guy in the burns unit, he wanted to thank you for his new ears".

INDIAN RHAPSODY !

Quorn Hash House Harriers — Rash Hag

Naan-aa, just killed a man
 Poppadom against his head
 Had lime pickle, now he's dead.
 Naan-aa, dinner just begun
 But now I'm going to crap it all
 away.

Naan-aa, ooh-ooh
 Didn't mean to make you cry,
 Seen nothin' yet just see the loo
 tomorrow,
 Curry on, Curry on,
 'cause nothing really madras.
 Too late, my dinner's gone
 Sends shivers up my spine
 Rectum aching all the time.
 Goodbye every bhaji, I've got to go
 Gotta leave you all behind and use
 the loo.

Naan-aa, ooh ooh,
 This Dopiaza's mild,
 I Sometimes wish we'd never come
 here at all...

I see a little chicken tikka on the
 side,

Rogan Josh, Rogan Josh
 pass the chutney made of mango.
 Vindaloo does nicely

Very very spicey

ME!

Biryani (Biryani)

Biryani (Biryani)

Biryani and a naan,

(A vindaloo loo looo...)

I've eaten balti, somebody help me
 He's eaten balti, get him to a lavatory
 Stand you well back
 Cause this loo is quarantined.

Here it comes,

There it goes,
 technicolor yawn.

I chunder

No!

It's coming up again

(There he goes) I chunder

It's coming up again

(There he goes) It's coming up again,

(Up again)

Coming up again (up again)

Here it comes again

(No no no no no non o no no No).

On my knees, I'm on my knees, I'm on
 my knees

Oh there he goes

This vindaloo

Is about to wreck my guts

Poor me... Poor me... Poor me!

So you think you can chunder and still
 it's alright?

So you want to eat curry and drink beer
 all night?

Ohh maybe, now you'll puke like a baby,

Just had to come out,

Just had to come right out in here....

Korma, saag or bhuna,

Balti, naan, bhaji.

Nothing makes a difference

Nothing makes a difference to me

(Anyway, my wind blows.)
