130	Sun 2 October	TBA	Pisscophrenia & Rough Passage

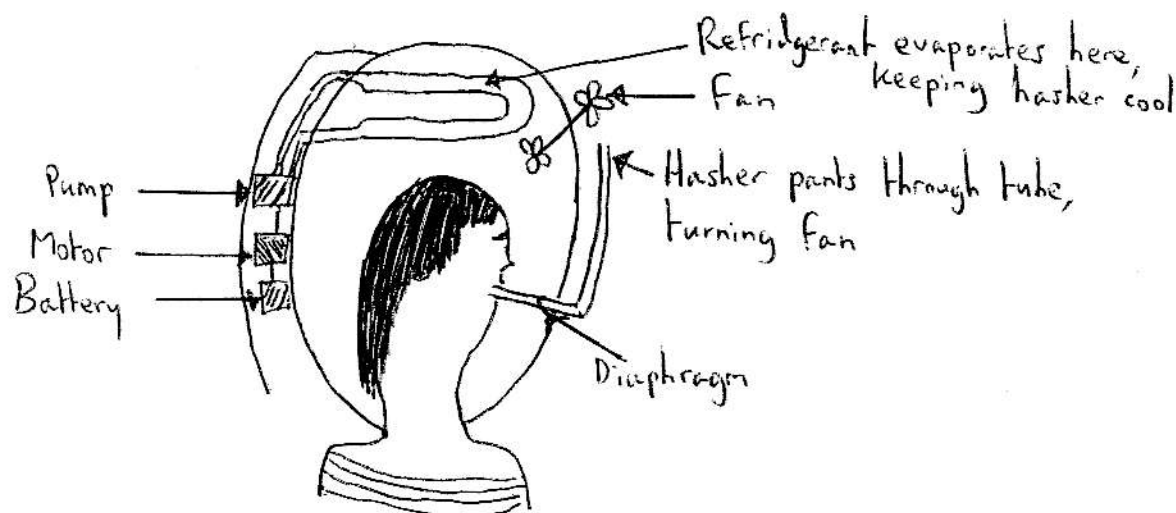

Welcome to the latest edition of Rash Hag. This month's issue is somewhat leaner, partly because I've been on holiday and there's not a lot to say! However, a little plea... if you're doing a write-up, please could you scribble down something and either give it to me at the next hash or send it to the address below. If you can't remember what happened then just make it up - after all that's what The Sun does!! It's best to do it while it's fresh in your mind though. The back-log of write-ups stretches right back to May.

- 1) Please note that run no 128 (Wallington's run) is ON A WEDNESDAY!!! This is due to the Bicester 1000th being held on Sunday 3rd - 4th September, which quite a few of us are going to. The run will start at 7 pm.
- 2) Pigeon Shit has kindly sent directions for Edith Weston. These are as follows:

From Melton Mowbray, take the A 606 to Oakham / Stamford.
6 miles after Oakham on the Stamford road, turn right after Empingham.
Edith Weston is signposted here, and is on the south shore of Rutland Water.
- 3) JOHN PHILLIPS moved from Salisbury to Charmouth a few years ago, and has bought a hotel on this beautiful stretch of Dorset coastline. He offers hash weekends there, and 10 to 20 hashes have taken advantage of this. Do you fancy a Quorn Hash Weekend dayne in Darzet? I'll have details in the Autumn, and will pass them on via this organ.
- 4) Why not lay a trail? Run no 129 is free, and this will be your last chance to lay one before the end of the summer!

PROFESSOR KRANKOVSKI IS BACK!!!!

On these barmy, balmy hot summer days, Professor Krankovski offers the perfect solution: The Piss- Helmet #2. This serves two purposes: it keeps you cool AND pollen-free:

Next trash: Run 127 (Pigeon Shit's run)
Deadline for contributions, write-ups, write-ups and write-ups:
Thursday 18th August
Address: 4 Clifton Crescent, Attenborough, Nottingham NG9 6DA.

after 11 months and 29 days holiday!?

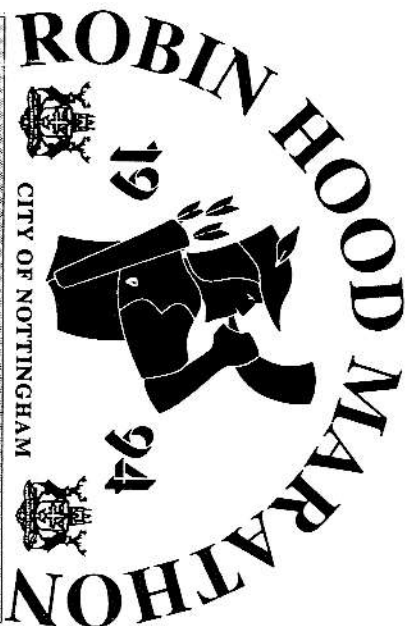

The thing about being a Quorn Flasher is -

To make sure you know all the short cuts.

I'll never forget the time I flashed in -

Why aren't there many jewish hashers?

Because you have to be a complete prick to be a hasher.
