### RUN 13 THE ESCAPE FROM EAST GOSCOTE

An abysmal pack braved the damp at East Goscote. The Hares, indisposed by countless injuries, pulled out of the running to leave the 'committee' mumbling: 'thats another fine mess you've got me into Stanley'. At least one of them had the decency to turn<sup>out</sup> and watch the spectacle; the other was in absentio, whereabouts unknown. You know, there is a famous adage about this particular area:

'East Goscote is to Hashing country what the Antarctic is to sand-castle building or what Everest is to sub-aqua diving.....unquote'

Basically there's naff-all.....thanks Hares, for the choice of a life-time. I shall not enlarge on the intricacies or intrigues of this famous little run, since I can't think of any at the present time....and I laid the trail.....save to mention lingeringly that if the pack had run any faster they would have been doing the trail in reverse. At least there was beer half-way round, some pretty houses on the river, a bit of a hill, the college grounds, the A 46 (twice), the railway line.....and lots and lots of Barretts boxes. Many thanks to those who did turn out and went on to enjoy an ON ON at the Horse and Groom at Rearsby. Thirteen were there, eleven ran; McKewen brought her Neil and Motormouth his mate, Steven.

### DOWN DOWNS

Neil Grant for New Boots  
Persil for losing his shoe  
and Mark Elling for his new Hash name.....Ellymay.
