

HASH TRASH

PREVIOUS RUNS

Monday 2nd March Run 70
The George
Markfield
Hare - Wallington

Sorry there wasn't a write up for this run, I hear that the trail was a good one.

Sunday 22nd March Run 71
Wagon & Horses
Griffydam
Hares - Terminology & JJ

Another brilliant gathering of hashers, Milton Keynes out in force. Doc Crippen, Lurch, King, Hustler and Baby Hustler. Great trail through spectacular quarries, lots of sludgy mud, in fact a real corker of a run. Once again no write up which is a great shame. WE NEED MORE HASHERS TO WRITE THE HASH EVENTS.

I can say that the Down Downs in the pub almost washed the pub furniture out of the door - needed a mop and bucket to clear it up!! Shedless is now making a name for himself as our new elected R.A. His pre down down poems are something else. Example of one in these contents somewhere. After this run, a considerable amount of the pack became civilised and went to a local restaurant for Sunday lunch. Super hash day.

Monday 6th April Run 72
The Bulls Head
Woodhouse Eaves
Hares - Josh & Good Moaning

What better area to hash than in the fabulous Charnwood Forest. Josh and Good Moaning laid a great trail in and around and top of Beacon Hill. What a pity nobody volunteered to do the write up!!!! So please don't winge that the hash trash is disorganised, do something about it.
