

RUN 1014: Sunday 20 October, The Sherwin Arms, Bramcote

Hare: Borderline (Virgin QH3 Hare)

Welcome to the visitors, Baby Grow, Docking Goblin, Angela and Tony who equalled the number of Quorn hashers on the trail. We all had to pay extra attention to the hare when he made his excuses before the run. Illustrations were produced on a wine box and chalk handed to Durex to mark the checks as the hare opted to watch the rugby and stay in the pub. A confusion of coloured dots and flour blobs marked the trail which left Docking Goblin wondering why on earth would anyone use a red spray to make a circle on brown soil! It turned out to be a good trail that left hashers guessing. The hare was angling for a nomination of "trail of the year" by providing a handy short cut sign, chips, cake and chocolate.
