

RUN 1015: Sunday 3 November, Griffin, Plumtree

Hare: Hood

The GM, took control of the weather and sun shone after deluge of rain beforehand. Hood, as virgin hare for Quorn, introduced us to Aussie markings, amongst which we had 'Hard Ons' and 'Splits'. Lucky Harriet's! Ball Crusher named it 'The Viagra hash' and the theme was carried on throughout the trail with 'gate high hard ons' and an 'Everards pub'. I think Hood secretly enjoys a bit of pain as he made the hashers get over a lively electric fence, barbed wire and dodge lots of cattle. Borderline was not happy with all the shiggy and came prepared for a hike with gaters. He must be on a water meter and didn't want to shower again today. In the circle we bid goodbye to Hood until next Easter and Hashy birthdays to Malteaser and Holly the hash hound. Thank you Wallington for the very light cupcakes to celebrate the occasion.
