

RUN 1022. 16th August 2020. Mapperley Reservoir Car Park. Hares: Malteaser and Durex

Run No. originally assigned to a Bugger & Goblin trail on 16th February 2020 in the Worthington area but was cancelled due to flooding in the area. This reassigned trail was the first QH3 run after the first COVID lockdown.

A small pack set out from the Mapperley Reservoir Car Park after a five-month hashing break enforced by the first COVID lockdown.

The On-Inn was a socially distanced picnic at which we welcomed Miss TakeMeNow's grandchildren.
