

RUN 1023. 1st March 2020. The Dog House. Kimberley Hare: Barritone

RA claiming credit for a gorgeous sunny day was Butcher's Dog. First March hare Barritone, aptly on the 1st; but was he a mad hare? Maybe not but by his own admission, a "mean" one.

The trail, (a perfect 5 miles for me), was kept away from rivers but shiggy was plentiful. The hare took us up a few hills but the meanest was a very steep muddy bank and slippery narrow paths on a funny camber. George enjoyed the cold stream being the only one jumping in rather than using the bridge. Goblin opted to go shopping after the first check but made up for it by the lovely chocolate shortbread biscuits after.

Ballcrusher came dressed for the occasion and was the only one sporting a green T-shirt complete with a Welsh Dragon. I'm glad to say that our hash "Drag-On" doesn't only appear on St David's day! On On to the next one.
