

RUN 1025. 6th September 2020. The Burntstump Country Park, Arnold. Hares: Lincolnshire Sausage and Butcher's Dog

With glorious weather we had to make Buggler volunteer for RA. It was a great trail through the wood behind Sausage's work place. Immense fun to meet up with hashers and enjoy some time together. The circle afterwards ended with a silent version of the hash hymn (no singing allowed during lockdown!) which had Goblin and the RA almost rolling on the floor with laughter.
