

RUN 1026. 23rd May 2021. Bramcote Park, Bramcote. Hare: Barritone

First hash in 2021 after nearly a 9 month pause. Sooooo good to meet up in groups again and hear the On On shouts of hashers as they seek flour. A good turn out and we welcomed two new comers Nipple Kamekaze and Miriam. It was a brilliant trail set almost entirely in countryside despite its urban venue. It's going to take time for hashers to settle back into it as it was noticed that Bugger forgot to complain about the missed opportunity of a water crossing.
