

RUN 1030. 18th July 2021. SUMMER PICNIC HASH. Rushcliffe Country Park, Ruddington.
Hares: Durex and Malteaser.

What a scorcher! The sun came out with a vengeance after the recent rainfall and we bagged shade under a group of trees and Durex's gazebo. Great to see returners Touch'n'Go and Salty again. Sleazy Rider, Scab and their two teenage girls chose to do a bike ride and joined us for the picnic once all the sweaty stuff was out the way. Very warm welcome to Heather, Always Dripping and Blanket Bummer joining The Quorn Hash for the first time.

I'm told that the beer stop half way round was just the tonic for the few hardy runners who braved the full 5.5-mile trail, (without checks). The rest of us had a leisurely walk round the park through the ladybird wood. Thanks to all hashers for the mountain of food and drinks. Amazing delicious homemade quiches, sandwiches, snacks and yummy cakes to finish.....plenty of refreshing fruit too.
