

RUN 1031. 1st August 2021. The Outwoods, Loughborough. Hares: Drag-On and Malteaser.

If you were down in the woods today you were in for a big surprise.

The sun was out and eight hashers gathered in the wood bang on time. Good Moaning who hasn't hashed for 30 years was delighted when she found out that Wallington and Barritone were still regular hashers. Dragon & George shepherded the runners whilst Malteaser got the walkers lost in the woods. This gave Always Dripping and Blanket Bummer (late comers), time to catch up and follow the On On calls. The trail left the Outwoods and followed paths down fields and back into to bottom end of the woods after Bugger clocked up 6.1 miles on his smart watch. Gold medal to FRB was Goblin.

Delicious cakes and snacks afterwards. Thanks to Goblin and all who contributed.
