

**RUN 1038.** 21st November 2021. The Royal Oak, Ockbrook. Hare: Barritone

A bright crisp November morning brought hashers out to play, with more runners than walkers on this occasion. Welcome to Nowhere Man, a newcomer to QH3 and returners Crooked Squire, Lightning Rod, Oriface and Gobalot. Barritone set a cracking trail promising a six-mile trail for runners but many confirmed that it was just under that at the end. There were no arguments in the circle when a secret ballot gave the trail a score of 69. All the expected live stock were encountered with sheep spotted by Bugger, frisky cows chasing some harriettes and a bull keeping his beady eyes on walkers.
