

RUN 1043. 6th February 2022. VAT and Fiddle, Nottingham. Hare: Golden Hole and Long Dong Silver

QH3 was treated to Baku Hash markings and Locker Man completed the Baku takeover by being RA.

Welcome back to returner Shagulater who joined the walkers for the whole trail.

A very good trail both for runners and walkers. The hare must be pleased that Bugger was so impressed with the markings, he'll adopt them in the future. Long Dong doing his utmost to get hash of the year, providing a beer stop at his house, but loses points for not including the walkers even though we passed by. I hear George enjoyed the fueling stop and polished off the cat food and chased the terrified cat upstairs.

The RA would have liked Borderline to be at the On Inn to get his punishment for being late comer but Boderline bailed out on route.

Thank you Goblin for the hash cherry shortbread.

A very good hash enjoyed by all.
