

RUN 1052. 19th June 2022. **Joint Hash with Rutland H3.** Poppy and Pint, West Bridgford..
Hares: Diarrhoea and Smutley

Welcome to Anna as a Hash virgin. In the car park before the run, the hares explained their markings which most Quorn hashers found unusual and bemusing and a walkers trail is not necessary when the whole Hash waits at every check, the last of which was marked 'CG'. Diarrhoea left everyone guessing as to what these initials stood for, however, Miss T got a well-deserved DD for her excellent suggestion that it stood for Coffee & Gateaux. It was in fact marking the house that one of our dearest Quorn hashers, Gate Crusher, lived in before he sadly passed away last year.

We marked his memory with a Drinks Stop, provided by Diarrhoea after he dusted off the cobwebs and gathered all his vintage drinks from his garage into the boot of his car.

DD were awarded by representative RAs from Rutland, Bull Moon and Quorn. On On!
