

RUN 1054. 17th July 2022. Hash Picnic. West Park, Long Eaton. Hares: Bugger and Goblin

A glorious day for the annual picnic. Welcome to virgin hasher Claire and little Arlo. The hares set a great hash both for walkers and runners finding virgin trails. The trees along the way provided much needed shade in temperatures over 30°C. Barritone choose to wear new shoes to the hash and was rewarded accordingly. Most impressed that they didn't leak! Thank you all for the food, drink and great company.
