

RUN 1056. 21st August 2022. Free Trade Inn, Sileby. Hare: Drag-On

Today we returned to the pub which hosted the very first QH3 run in 1987. We welcomed Salsa Queen, a new visitor to QH3 from Kula Lumpur. It was also good to have HP Salsa join us again as we were in his home patch.

The trail was expertly laid by the hare with beautiful views of the countryside and water ways. Borderline was again seen short cutting and it was no surprise that he was the first one back. Wallington was happily going down memory lane with a detailed account of his upbringing in the village and relating family events pointing out locations from then. Salsa Queen presented the RA with a hash T-shirt from the Royal Commonwealth Society Hash in KL.
