

RUN 1058. 18th September 2022. The Plough, Diesworth. **Hares:** Ballcrusher and Bugger

Another excellent hash, the first in the Carolean era. The pack was eventually joined by Borderline who had to finish his breakfast in the car first. Barritone was a latecomer, however, he managed most of the trail before returning to the On Inn.

The hares ensured the trail was awarded high score when they bribed everyone with a chip cobs and delicious biscuits.
