

**RUN 1064.** 18<sup>th</sup> December 2022. **JINGLE BALLS TRAIL.** Commercial Inn, Beeston. Hares: Malteaser, Shagulater and Miss TakeMeNow

This was a hash full of Christmas cheer with the carol singing greatly appreciated by young children looking on. Welcome back to Captain Oates, Skids and Lockerman.

Still, not a whim's trail and the hares gave the usual FRBs lots of checking opportunities and a fish hook deliberately placed after Butcher's Dog said she was coming to the hash. Shaggulater was a welcomed sight as he handed out hot mulled wine and mince pies near the University Lake. The walkers were shepherded by Miss TakeMeNow and joined the pack at the drinks stop.

The trail wound round to the millennium garden and between various buildings before returning back to the On Inn. A brilliant circle by the RA Bugger and lots more delicious cakes by Goblin concluded the hash runs for 2022.

**MERRY HASHY CHRISTMAS**
