

**RUN 1071.** 2<sup>nd</sup> April 2023. The Sawley Junction, Long Eaton. **Hare:** Barritone

The On Inn was selected to take advantage of this most wonderful micro pub just opposite the train station. The hare wanted us all to be back before the pub gets too crowded and laid an excellent trail along the canal with loops through countryside.

Welcome back Jetslag who reached his 100th run today. Not a man who hurries things as it only took 30 odd years to get there! Also good to have LDS back from his overseas work experience, maybe he'll have time to get a better grip on creating an event on FB now it's changed.
