RUN 1072. 16th April 2023. **AGM and 2022 Hash Awards**. The Old Black Horse, Mapperley.
Hares: Shagulater and MissTakeMeNow

Welcome back to Strap On and Richard who recently returned from their holidays Down Under, and hello to Hash Virgin Colleen.

An eventful hash expertly laid and well-marked. There was a bit of misunderstanding by the landlord at the start who objected to us parking in his car park. He seemed to be the only one who didn't know of our event despite the hares diligently informing his staff previously. In the pre-hash circle, the hares, both wearing wellies, gave us the impression that we should have reserved seats on Noah's Arc but the water from the week's rainfall had drained significantly, leaving the trail just right for a hash. Lots of slipping and skidding and plenty of shiggy around. There was the usual various techniques of puddle avoidance, some taking small detours to avoid wet trainers.

The runners trail was set in a figure of eight but only two hashers completed most of it with the others opting for a shortcut past half way round.

Our lovely GM Goblin provided delicious biscuits again; thank you. In the circle the hares were awarded a DD for a good trail and it was followed by the Hash Awards for 2022.

HASHER of the YEAR: Drag On
HARE of the Year: Barritone
HASH TRAIL of 2022: 1051 from The Crown in Anstey by Drag On
HASH SHIT: Borderline
HASH NEWBY: Strap On
Hash Vacation: Durex (overseas work periods), Hash Doctor: Barritone (bandaging his poorly sock), Hash Designer: LDS (new hash markings and social media guru), Hash Attire: Lockerman (sandals and socks on hash), Hash Delivery: Golden Hole (preempts RA with DD beers), Hash Caretaker: Borderline (always overdressed and well prepared carrying a drink round etc.), Hash Record: Malteaser (hash flash and scribe), Hash Vet: Wallington (always has doggy treats in his pockets).

It was agreed that The Mismanagement did such a good job of it last year, they can have the positions again this year; EXCEPT for the old GM (Goblin) swapping with Hash Cash so the new GM is Drag On.
