

Quorn Hash House Harriers

Run 277 - The A.G.P.U.

The Carpenter's Arms, Dale Abbey

The Hares: Lightning Rod and Oriface

The Protagonists: Sleazy Rider, Malty Teaser, Skid Mark, Too Tuf, Pleasure Gnome, Blow, Creamy Bristols, Wallington, Bugger, Goblin, Barritone, Doc Crippen, Big Phut, Warmers, some others and Judith, Neil and Alan, and your reluctant scribe Kentucky.

The Event: Well, what a day! It is so long ago that I can't actually remember much at all about it - after all, I've been to sleep since then! I do remember that it was nice and sunny and the run was across some nice open fields.

The Down-Downs:

The Hares: Of course.

The Naming of Judith: This must be the most exciting thing to happen in years - well it was for me anyway! I hope that someone got the photos...

As always a naming depends heavily on the circle's intimate knowledge of the virgin to be named. In this case the event that was to lead to Judith's handle happened a few hashes ago when she kissed **Barritone's Dimpled Ass**. This - combined with her liberal use of "Lust Red" lipstick eventually (after many totally unprintable ones) lead to the name of **Hot Lips** being proposed and accepted by a somewhat sympathetic Circle.

The best bit was yet to come though - since the carpark was too rough for the fair maiden's knees, yours truly offered his bared chest as a prayer stool during the naming ceremony. The maiden enthusiastically accepted and, instead of kneeling ON my chest, she **straddled** it. It may not sound like much - but when you have been celibate for four and a half years - it's difficult not to rise to the occasion!

Kentucky (Your Scribe): For holding his own on a holding check (I though that's what they were for???) I think it was when I called for Sam (my dog) to assist in the operation that I was noticed...

Pleasure Gnome: for blindly following here beloved Lord and Master (as should be the way) up a big falsie...

Warmers: Claiming that she had said that Sam would help Kentucky.

The Virgin Neil: Apparently from Rolls Royce and Hong Kong???? (**Doc's handwriting is as bad as his name would suggest!**)

The Virgin Alan: His first hash (without Union). (*See Note about Doc's handwriting - above!*)

Barritone: I just can't read this at all, but he got 1/2 a pint for something!

The only thing left to write about is the results of the **The Hash Erections:**
